## Studio Vinyl and Wood Cleaners

### Bona Tile & Laminate Floor Cleaner

A convenient ready to use pH-neutral detergent specifically formulated for cleaning laminate, vinyl, and tile floors. It makes both the everyday cleaning and the cleaning of very dirty floors easy. Compatible with Bona Tile & Laminate Polish and other similar types of maintenance coatings. Suitable for both residential and commercial use.

Available as 1L Spray bottle, 4L refill and 0.85L cartridge for spray mop.

### Bona Tile & Laminate Floor Polish

Bona Tile & Laminate Polish is a glossy, ready-to-use maintenance protection for a large variety of hard surface floors including vinyl. It gives new shine while offering continued protection against wear. Available as 1L bottle. Always test floors for adhesion and desired results prior to use. Do not use on waxed or oiled floors. Ensure normal room climate 18-25°C.

### Wood Floor Cleaner Cartridge

Bona Wood Floor Cleaner for use together with Bona Spray mop, is specially developed for efficient cleaning of varnished or hard-waxed wooden floors. This is a convenient, ready to use, pH neutral, spray-on cleaner which is also suitable for laminate, waxed and oiled floors.

Available as 0.85cl Cartridge.

### Tile & Laminate Cleaner Cartridge

Bona Tile & Laminate Cleaner Cartridge for use together with Bona Spray mop, specifically formulated for cleaning laminate, vinyl, and tile floors. This is a convenient, ready to use, pH neutral, spray-on cleaner which makes both the everyday cleaning and the cleaning of very dirty floors easy. Compatible with Bona Tile and Laminate Polish.

### Bona Spray Mop

The Bona Spray Mop enables you to clean and maintain your wooden floor in a sweep. Ergonomic and simple to use, the Spray Mop is quick to assemble and refill with the specially developed Bona floor cleaner cartridge. Just spray and clean!

## Professional Cleaning Products

### Bona Cleaner

A concentrated pH neutral detergent designed specifically for sealed wooden floors. N.B. It is important that the quantity of liquid applied to the floor is kept to a minimum.

**Application:** By mop/cloth or scrubber-drier/spray-buff system

**Dilution:** Normal cleaning - 50ml/10L Very dirty floors - 100ml/10L.

**Shelf life/Storage:** At least two years in original sealed container. Store away from frost, direct sunlight, sources of heat and foodstuffs.

**Safety:** Bona Cleaner is an unclassified product.

**Pack Size:** 5 Litres.

### Bona Remover

A concentrated polish stripper designed to remove Bona Polish. It can also be used to treat floors which have become slippery and for the removal of black heel marks. N.B. Wooden floors which have been previously treated with polish must be sanded back to bare wood prior to over coating.

**Dilution:** For removing polish: 1L/5L water. For removing heel marks: 1 capful/100mls water.

**Shelf life/Storage:** Two years in original sealed container. Store away from direct sunlight and sources of heat.

**Safety:** Bona Remover is an unclassified product

**Pack Size:** 1 Litre.

### Bona Freshen Up

A ready to use waterborne polyurethane maintenance coating for most finished and pre-finished wooden floors. It will revive a scratched and dull surface in addition to providing continued protection against wear. Meets DIN 18 032 for slip resistance.

**Coverage Rate:** 30–50M<sup>2</sup>/L.

**Shelf life/Storage:** Two years from date of production in original sealed container. Storage temperature should be in the range of 5°C to 25°C.

**Safety:** Bona Freshen Up is an unclassified product.

**Pack Size:** 1 Litre.

**Precautions:** Applying Freshen Up to a satin or low gloss surface will increase the gloss level. Freshen Up is for use on finished wooden floors only. Do not use over any floor that has been waxed or oiled. Wax and oil residues will prevent the proper adhesion of Freshen Up to the floor.

**Application:** Apply the diluted product evenly across the floor using mop or spray bottle. After five minutes buff the floor with a red pad. Remove any remnants with a scrubber-drier, mop or similar. Finally clean the surface with water. Use a minimal quantity of liquid when treating wooden floors. It is important that all traces of Polish Remover are removed as any residue may affect the newly applied coat of polish. Once the floor is dry Bona Polish may be applied. To remove black heel marks apply the diluted product to the affected area, leave for five minutes then wipe the surface with a clean, lint-free cloth.
