**StudioTak™** is a self-adhesive instant stage and studio floor which has been specifically designed and manufactured for the film, TV and photography Studio/Set Designer. Easy to use and visually stunning, simply remove the backing liner and apply to give an outstanding smooth finish.

**StudioTak™** Studio Floor has been used for over 20 years in the professional film and TV industry and more recently for fashion, retail shows and exhibitions to provide an instant show floor without time consuming floor paints.

Available in both gloss and matt colours and a variety of adhesive strengths. **StudioTak™** Studio Flooring is ideal for use in an endless list of applications from stage and set to fashion shows and shop window displays. Simply remove the backing liner and apply.

Le Mark also offer a wide range of performance vinyl floors, including compression and custom printed flooring. We also offer full installation services for both performance vinyls and wooden sprung floors.

## PERFORMANCE FLOORS

### StudioTak™

#### Self-Adhesive Studio Floor

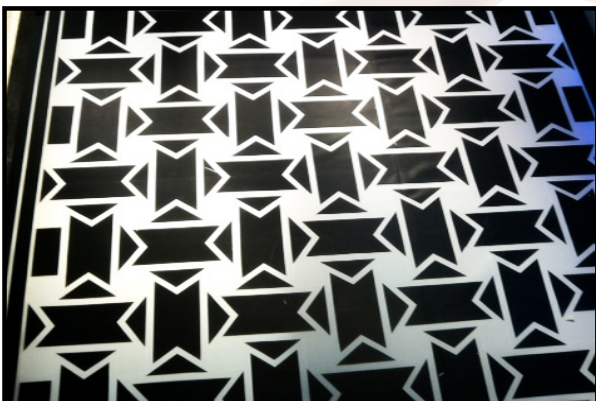

StudioTak™ is a self-adhesive instant stage and studio floor which has been specifically designed and manufactured for the entertainment industry. StudioTak™ is a firm favourite for film, TV and photography Studios. Set designers love that it is easy to use and visually stunning, simply remove the backing liner and apply to give an outstanding smooth finish.

StudioTak™ is available in gloss and matt colour finishes and in a variety of adhesive strengths. StudioTak™ Studio Floor is the perfect solution for fashion shows, fashion, retail displays and exhibitions to provide an instant show floor without time consuming floor paints.

It is NOT recommended that StudioTak™ be laid onto 'roll out' or permanently fixed vinyl stage dance floors. The reaction between the adhesive and the plasticizers contained within the stage dance floor can make StudioTak™ extremely difficult to remove. It is recommended that the intended users satisfy themselves as to the suitability of the product for its intended use.

# StudioTak™ LowTak Vinyl Self-Adhesive Studio Floor

Le Mark's **LowTak Vinyl Liner** comes as a 1mx50m roll. The LowTak Vinyl is laid down first and then our HighTak Vinyl ontop: this makes it easier to peel the flooring off when you have finished with it.

### Face material

Gloss clear soft vinyl.

Type	Soft Vinyl	
Colour and Finish	Gloss clear	
Weight	104g/m <sup>2</sup> ±10%	ISO-536
